- b) The business carried on by the Transferee Company and Transferor Companies are almost similar. The Transferee Company is engaged in the manufacturing, processing and selling of Rice and by products produced from Rice under its own brand. The Transferor Companies are also into manufacturing, processing and trading of Rice and by products produced from Rice including trading in paddy. Thus the business carried on by the Transferee Company and Transferor Companies are common and can be easily combined for better utilization and enhancement of capacity.
- c) The Amalgamation of Transferor Company with the Transferee Company will result into enlarged combined assets base and will also provide an opportunity for the merged entity to leverage on such assets.
- d) Greater integration and greater financial strength and flexibility for the Transferee Company, which would result in maximizing overall shareholders value, and will improve the competitive position of the merged entity.
- e) The proposed amalgamation would help in enhancing the scale of operations, reduction in overheads, including administrative, statutory compliances, managerial and other expenditure, operational rationalization, organizational efficiency, and optimal utilization of resources by avoiding duplication of efforts.

Accordingly, the stronger financials will provide a better opportunity in terms of better trade credits, financial resources and in negotiations for prices and suppliers credit terms for the merged entity.
- g) The amalgamation will result in significant reduction in multiplicity of legal and regulatory compliances which at present is required to be made separately by the Companies.
- h) Thus, the Scheme of Amalgamation, as envisaged, would enable seamless access to strong business relationships, closer and better focused attention being given to the businesses which would get integrated, aligned and streamlined, leading to achievement of their full business and growth potential.
